

SOUTH WEST LONDON ICB · DEAF AND DEAFBLIND HEALTHCARE DOSSIER

Jobcentre Plus: Deaf and DeafBlind specificity

Prompts 27–33. In-person Jobcentre Plus delivery, distinct from national DWP claims and assessment processes covered in prompts 20–26.

Footprint	Croydon, Kingston, Merton, Richmond, Sutton, Wandsworth Jobcentres
Compiled	8 September 2026
Legal frame	Equality Act 2010 ss.20–21 and s.149 PSED. Public Sector Bodies Accessibility Regulations 2018. BSL Act 2022 reporting duty. Not NHS Accessible Information Standard.
How to use	Do not paste into the dossier unedited. Each row is tagged Verified / Contested / No reliable figure found. National policy is not local practice unless a source says the booking or kit exists at the named office.
Companion pack	Prompts 20–26 (PIP, AtW, UC journal, employment rate, sanctions letters). This file is the Jobcentre floor only.

Contents

- 0. Method and what not to conflate
- 27. BSL interpreter booking at Jobcentre appointments
- 28. Video Relay / remote BSL in Jobcentres (VRS vs VRI)
- 29. Work coach training on Deaf and DeafBlind awareness
- 30. Claimant commitment, FTA and sanctions at the desk
- 31. Physical and environmental access for DeafBlind claimants
- 32. Six SWL borough Jobcentres — local partnerships
- 33. Complaints and escalation when an interpreter fails
 - A. Cross-walk: what is national policy vs what happens at the desk
 - B. Gap log and FOI-ready asks
 - C. Principal sources

0. Method and what not to conflate

Jobcentre Plus is DWP’s frontline in-person service. A national PQ, a BSL five-year plan, or a language-services contract is evidence of *policy or capability*. It is evidence of *local practice* only if the source names the office, the booking, or the kit. AIS language must not be imported. Confidence tags follow the SuperGrok pack: Verified = official text or a named judgment; Contested = charity survey or practitioner advice; No reliable figure found = searched and absent.

Do not treat these as the same fact

- SWL GP BSL contract (DA Languages from 1 October 2024) is **NHS**, not Jobcentre Plus.
- SignLive on Croydon, Wandsworth and Richmond **council** pages is council VRS, not JCP kit.
- Inbound VRS (claimant phones DWP from home via InterpretersLive! / Dals) is not on-site VRI (work coach and claimant in the same room with an interpreter on a screen).
- Access to Work communication support at an **employer’s** interview does not book the work-coach interpreter.
- Ramps, hearing loops and Windows Narrator are not a DeafBlind premises standard.
- Generic “disability awareness” induction is not Deaf awareness and is not DeafBlind manual / hands-on signing.

Headline after seven prompts

A Deaf BSL user must still **ask before each interview**. Staff book onto the national language contract (last named award: DA Languages / Dals). There is no published Jobcentre BSL fulfilment target. On-site VRI was piloted at two offices including Bromley in 2021; ministers say VRS/VRI is “in all Jobcentres,” but the July 2025 BSL plan still treats meeting-level video as a two-year build. Work-coach Deaf content is a PSED scenario plus an induction slide on when to book an interpreter. The published in-person failure cases are Rimmer (Leeds Park Place, 2017–23, £49,880) and Clarke (Surrey, Usher, Level 3 colleague substituted). None of the six SWL Jobcentres has a published Deaf or DeafBlind partnership. Complaints use the ordinary DWP ladder; interpreter-failure volumes are unpublished.

27. BSL interpreter booking at Jobcentre appointments

How a Deaf BSL user requests and receives an interpreter for a work-coach appointment (claimant commitment meetings, work-search reviews). Booking process, notice, service standard, named contractor, whether the request is per appointment.

Label	Finding	Source / date	Confidence
Automatic at the appointment?	No. Live public factsheet: “The customer must tell Jobcentre Plus before an interview if they want an interpreter to be present.” Types listed: BSL, lipspeaker, Deafblind interpreter, or the customer’s own.	DWP IB reassessment factsheet, 5 Aug 2020 (still live)	Verified — page is stale
Who books	Jobcentre staff book the contracted interpreter. Claimant requests via journal, work coach, VRS or Relay. Staff instruction: do not send the person away to find their own interpreter if they cannot provide one.	FOI 59700 Interpreting and translation options	Verified
Named F2F contractor	Language-services contract from CCS RM6141 Lot 1 to DA Languages Ltd (Dals) , £13.1m. FOI 59700 names Dals for F2F when own/community/staff options are unavailable. PQ Nov 2021 still named thebigword. Rimmer: thebigword supplied Park Place until June 2022, then “a new supplier.” Successor after May 2025 end-date not found in this pass.	Stotles/Contracts Finder; PQ 73893; Rimmer ET	Verified as last named award. Successor contested
Historic notice period	Prestige-era staff guidance: minimum 2 weeks (2–3 weeks in the overview) “because demand exceeds supply.” Confirm within 5 working days. Spoken F2F was 3 working days.	DWP interpreting guidance ~2018 (Prestige / thebigword)	Verified as historic. Not a 2026 SLA
2026 service standard	None found. No published “interpreter present at X% of booked appointments” or “booked within Y days.”	Absence from GOV.UK JCP pages	No reliable figure found
Re-request every time?	Public rule is per interview, not a standing auto-book. Rimmer: he asked for every appointment; staff said they would try every other (once a month). Appointments extended from typical 10 minutes to one hour. BSL marker sat on a different LMS tab from the page coaches used.	Factsheet + Rimmer ET 15 May 2024	Per-interview rule verified. Standing order: no reliable figure
AtW CSI product	Pays for a BSL interpreter at an employer’s job interview , applied for before the interview. Does not book the work-coach interpreter.	GOV.UK CSI guidance	Verified — do not merge
SWL office booking page	Not found for Croydon, Kingston, Merton, Richmond, Sutton or Wandsworth Jobcentres. Wandsworth Council “up to three weeks” is council BSL, not JCP.	Borough pages	No reliable figure found

Use: request is on the claimant; fulfilment is a staff booking onto Dals (last named); there is no published JCP BSL target; do not import the SWL GP contract.

28. Video Relay / remote BSL in Jobcentres

On-site video relay or remote BSL (SignVideo, SignLive, InterpretersLive!) versus a separately booked in-person interpreter. Pilots, borough rollouts, gaps.

Label	Finding	Source / date	Confidence
VRS (inbound)	Claimant, on their own device, clicks InterpretersLive! (historic brand SignVideo). Interpreter places a voice call into DWP. Staff do not see the signer. Staff note: “VRS is for inbound contact only, and cannot be used for outbound calling.”	Dals DWP VRS page 2024; FOI Hearing or Speech Impaired Customers	Verified
Current public brand	InterpretersLive! by Sign Solutions, contracted via Dals. Directory entry: “DWP (DA Languages).”	interpreterslive.co.uk directory	Verified
VRI (three-way / on-site)	Customer and work coach in the same room (or all remote) with a live BSL interpreter on video. Bromley pilot booking target: confirm within 48 hours vs two weeks F2F.	Deaf Umbrella, Video Remote Interpreting at Bromley JCP, 13 Dec 2021	Verified as the pilot’s distinction
Ministerial “all Jobcentres”	PQ 125840 (20 Apr 2026, Timms): “Deployment of the Video Relay Interpreting service into all Job centres and UCR Service Centres.” PQ 73893 (18 Nov 2021): work coaches have access to BSL through video relay. This is ministerial language, not an estates audit.	Written answers	Verified as what ministers said
Named VRI pilot	Bromley JCP was “one of the two pilot offices.” Pilot due to end 17 Dec 2021; “likely to be extended... no guarantees.” Second office unnamed. No national evaluation found.	Deaf Umbrella Dec 2021	Pilot verified. National VRI rollout: no reliable figure
2016 VRS pilot	SignVideo trialled on DLA / AA / AtW call centres — not a Jobcentre floor product.	GOV.UK news 15 Jan 2016	Verified
BSL 5-year plan	Published 21 Jul 2025: “Within 2 years we will introduce video communications technology to improve access to BSL interpreters for all our customers.” Window runs to ~Jul 2027. Implies desk VRI was not finished business in July 2025.	DWP BSL 5-year plan	Verified as intention
Does inbound VRS replace F2F at the desk?	No published rule that says yes. Public factsheet still requires telling Jobcentre before the interview. Rimmer: F2F booking failures through 2023, including Covid when video existed but was not given to him.	Factsheet; FOI; Rimmer	Verified that F2F remains the documented appointment channel
SignLive in SWL	Council, not Jobcentre. Wandsworth and Croydon advertise SignLive to contact the council . Kingston unofficial JCP listing: “BSL access on request,” no platform.	wandsworth.gov.uk / croydon.gov.uk SignLive pages	Verified as council VRS. Not JCP kit
SWL on-site VRI inventory	No published tablet / booth / InterpretersLive VRI seat list for the six offices.	—	No reliable figure found
Commercial SignLive / Convo	Convo UK = SignLive Ltd. Commercial VRS/VRI; AtW payer. Not the DWP Jobcentre platform.	Companies House trail (prompt 20 cluster)	Verified as a different product

29. Work coach training on Deaf and DeafBlind awareness

Mandatory or optional training on Deaf awareness, BSL basics, or DeafBlind methods (deafblind manual, hands-on signing). Named provider, staff strategy, FOI.

Label	Finding	Source / date	Confidence
Mandatory Deaf awareness?	Not as a named course. Mandatory PSSED induction “includes a scenario-based activity around deaf awareness .” New staff: customer-service module “for deaf or hearing loss... including when and how to use interpreters.” Revisit allowed. That is a scenario inside generic induction.	PQ 30670 Olney → Western, 19 Feb 2025	Verified
Published work-coach disability list	Becoming Disability Confident; Helping customers who need additional support; Vulnerable Customers and Complex Needs. No BSL, Deaf culture or DeafBlind manual named.	PQ 118801 Pursglove, 12 Jan 2023	Verified as last detailed catalogue
BSL skills for coaches	Youth Employability Coaches “do not receive additional training in the use of British Sign Language.” Some staff may be proficient; not collated centrally.	PQ 94813 Davies, 30 Nov 2022	Verified
DEA syllabus	After full work-coach learning: Equality Act, disabilities and health conditions, models, Disability Hub, advocacy, partners. BSL / Deaf / DeafBlind not in the published workshop list.	PQ 48251 Marson, 20 Sep 2022	Verified

Label	Finding	Source / date	Confidence
BSL plan promise	Train D/deaf awareness starting with DEAs, then work coaches and operational colleagues. All DWP colleagues by end of year 5 (~2030). Sign Language Week 2025: one BSL presentation.	DWP BSL 5-year plan, 21 Jul 2025	Verified as intention, not completed mandate
Tribunal on practice	Park Place work coaches who gave evidence: “little equalities training... and none had had deaf awareness training. ” Judge recommended training for coaches, team leaders and DEAs at that office.	Rimmer ET 15 May 2024	Verified for that office 2017–23
Sight-loss contrast	2019 RNIB online portal for all JCP staff plus VR headsets in some offices. Apr 2025 PQ still cites sight-loss onboarding. No equivalent named RNID / Sense rollout for Deaf or DeafBlind work coaches.	GOV.UK 26 Sep 2019; PQ 43920 11 Apr 2025	Verified
Oliver McGowan contrast	Apr 2026: thousands of DWP healthcare professionals (assessors), not work coaches.	GOV.UK news 29 Apr 2026	Verified — different workforce
DeafBlind curriculum	No DWP module, FOI or PQ naming deafblind manual, hands-on signing or SSP. Sense: one DeafBlind client found the only DEA “never there.”	Sense committee evidence 2026	No reliable figure found for a curriculum
Named external trainer	None found. ASLI 2025 asked for mandatory deaf/deafblind modules in coaching academies — a recommendation, not a contract.	ASLI Pathways response 30 Jun 2025	No reliable figure found
FOI posture on course lists	2025 FOI: DWP now withholds module lists under s.31. A current Deaf-module catalogue is unlikely to be released.	FOI2025/89771	Verified as disclosure posture

30. Claimant commitment, FTA and sanctions at the desk

In-person appointment failures only — interpreter no-show, work coach proceeding without one, FTA or sanction. Distinct from prompt 25 (letters, journal, calls).

Label	Finding	Source / date	Confidence
Rimmer — sanction after a bad interpreter	Park Place Leeds. 8 Nov 2017: interpreter would not show ID; signing poor; “went off.” 22 Nov 2017: JSA stopped two weeks for “not looking for work.” Tribunal: missing work-search evidence he could not produce without interpretation and help writing English. DWP said the sanction had “nothing to do with interpretation difficulties.” Judge (absent limitation) would have found s.15.	Rimmer ET 15 May 2024	Verified
Rimmer — booked interpreter did not arrive	13 Nov 2018 complaint to thebigword: last three JSA appointments had no interpreter. Staff had also emailed the supplier. Later stand-in coach, no interpreter. 2021–22: coach booked then a “failure error” on the day.	Same judgment	Verified
Rimmer — DEA pushed sanctions	Aug 2022 email: DEA who had not met him said treat “firmly,” implied sanctions, framed complaints as sabotage. Tribunal: character assassination; exemplary damages.	Rimmer; Guardian 28 May 2024	Verified
Clarke — DeafBlind, wrong “interpreter,” left	James Clarke (Usher, Surrey), Mar 2024. Asked for a registered BSL interpreter. Work coach used a colleague with BSL Level 3 (ex-DEA) and called it “perfectly adequate.” Level 3 is not an interpreter qualification. Dress failed his visual needs. He left and complained.	Limping Chicken 4 Mar 2024	Verified as a named complaint. Outcome: no reliable figure
RNID on signing-on	Work-coach interviews: ask in advance. Fortnightly signing-on: “Communication support is not usually provided. ” High-frequency in-person touchpoint.	RNID Get help from Jobcentre Plus, updated 29 Jan 2026	Verified as RNID’s current line
Good reason guidance	ADM K2: good reason is what a reasonable person would have done; DMs must weigh disability. BSL interpreter failure is not a listed example.	ADM Chapter K2, Jan 2025	Test verified. Named BSL example: no reliable figure
Claimant Commitment if not understood	Must be accepted for UC/ESA. Can be waived for lack of capacity or exceptional circumstances. No published rule: “do not take a CC signature without a registered BSL interpreter.”	ADM U3 2025–26	Waiver machinery verified. Deaf-specific script: no reliable figure
Advice-sector workaround	If interpreter does not arrive: do not sign the CC; reschedule; journal the failure. Treat as good reason if FTA follows.	StartNewLife Jobcentre guide 2026	Contested — not a DWP circular
ASLI on conditionality	Oppose extending sanctions onto Deaf BSL users now exempt. If IWS applies: specialist support first; “no sanction should be applied if the support was not adequate.”	ASLI Pathways 30 Jun 2025	Verified as ASLI, not DWP policy
Official FTA count where reason = missing BSL interpreter	Not published. Kent FOI could not even count Relay UK use.	—	No reliable figure found
SWL named case	None found.	—	No reliable figure found

Prompt 25 is letters, journal and phone. This prompt is the room: interpreter absent, Level 3 colleague substituted, meeting treated as held or failed, then work-search or FTA rules fire.

31. Physical and environmental access for DeafBlind claimants

Guided support, tactile-signing space, quiet / low-visual-noise rooms, published premises audit. General wheelchair or loop figures are not a substitute.

Label	Finding	Source / date	Confidence
Public request menu	Quieter time; quiet area or separate room; hearing loop; BSL interpreter; someone to meet you on arrival; bring a supporter; home visit. DeafBlind / tactile / hands-on space is not named.	GOV.UK Get help... accessibility needs	Verified as the public menu
Staff “Deaf or Hearing Impaired” rooms	Loops in reception and private rooms; quieter part to cut background noise; lip-reading rooms “well lit and free from distractions”; BSL / lipspeaker / “deaf or blind interpreters.” Lighting and loop help hearing and lip-reading. They do not specify tactile-signing clearance or low visual clutter.	FOI Hearing or Speech Impaired Customers	Verified as staff text
Factsheet still in use	“All Jobcentres have an induction loop.” Interpreter types include Deafblind interpreters. “Most Jobcentres have ramps and lifts.”	IB factsheet 5 Aug 2020	Verified. Loop + ramp is not a DeafBlind spec
PQ on dual-sensory kiosk AT	UIN 2231 asked how many Jobcentres have specialist AT for people who are “(a) deaf and blind.” Answer: OS screen readers and magnification on customer PCs in 635 permanent Jobcentres; alternative keyboards. No dual-sensory or braille-display count.	Jo Churchill, 24 Nov 2023	Verified. Built-in Windows AT is not a specialist DeafBlind stack
Same line 2025	Screen readers, magnifiers, headphones, tracker-ball mice; OS upgrade for WCAG. Still no braille note-taker figure.	PQ 70859 Western, 4 Sep 2025	Verified
Sense	50% of jobseekers with complex disabilities (includes dual sensory) said they lacked support and equipment. Sense: JCP PCs have only standard accessibility features. One DeafBlind jobseeker: only DEA “never there”; suggested hairdressing.	Sense written evidence 2023–26	Contested (charity polling). Matches the PQ gap
Named estate audit	RNID Hearing Impaired Access Audits, £20,350, four sites (two JCP variants, one hub, one service centre). Scope: deaf / hearing loss / tinnitus, acoustics, loops. Not DeafBlind / tactile / visual contrast. Site names and findings unpublished.	Stotles award, listed Feb 2025	Hearing audit verified. DeafBlind audit: no reliable figure
Tactile space / SSP on the floor	No DWP specification found.	—	No reliable figure found
SWL premises audit for DeafBlind use	None found. Unofficial directories advertise wheelchair access (Croydon Ruskin House, Kingston Guildhall 2). Different characteristic.	—	No reliable figure found

Do not write “Jobcentres are accessible” from ramps, loops or 635 PCs with Narrator. Dual-sensory access needs a guide on arrival, space and lighting for tactile or close-vision signing, and kit beyond OS magnification.

32. Six SWL borough Jobcentres — local partnerships

Each borough searched separately. Local Deaf services exist. None is a documented Jobcentre Plus partnership.

Borough / office	What exists locally	Source / date	Confidence
Croydon (Ruskin House / St George’s Walk; temp Simpson House closed Oct 2023)	Council Deaf and Deafblind Specialist Worker (BSL-fluent); dual-sensory worker. RAD advice Mon/Wed/Fri at Access Croydon, Bernard Weatherill House — a council building, appointment only. RAD employability is national.	croydon.gov.uk sensory pages; RAD 14 Mar 2023	Local services verified. JCP partnership: no reliable figure
Kingston (Guildhall 2)	Kingston Interpreting Service books NRCPD BSL for council customers. Unofficial JCP page: “BSL access on request.”	kingston.gov.uk KIS	Council KIS verified. JCP partnership: no reliable figure
Merton (Civic Centre / Morden)	deafPLUS (merged into Action Deafness 16 Apr 2026) listed at Access Merton — benefits, housing, employment advice in BSL.	Merton directory 2025	Charity presence verified. JCP partnership: no reliable figure
Richmond	Council Sensory Team + SignLive for council contact. 2025 International Week of Deaf People comms. Richmond AID not found as a JCP BSL partner.	Richmond council / LDD 24 Sep 2025	Council offer verified. JCP partnership: no reliable figure
Sutton	Council vision-and-hearing / dual-sensory assessment. Sutton Supported Employment is LD/autism-weighted and states users “need to be able to speak English ” — excludes BSL-first claimants.	sutton.gov.uk; Sutton Information Hub 2026	Council sensory verified. English-only SE is a gap, not a BSL offer

Borough / office	What exists locally	Source / date	Confidence
Wandsworth	Oak Lodge School (Balham) + adult BSL employability courses. Harding House (Achieve Together), 70 North Side Wandsworth Common — 10 Deaf/DeafBlind adults, BSL environment. Choice Support covers Richmond/Wandsworth sensory employment. Same borough as the Jobcentre; they are not the Jobcentre. Helps explain high GP BSL request volume (Wandsworth 466 of SWL 878).	Oak Lodge / Achieve Together / FIS	Local Deaf infrastructure verified. JCP partnership: no reliable figure

The nearest specialist-employment comparator in Rimmer was Doncaster Deaf Trust / Blue Apple / Leeds Society for Deaf and Blind People sitting alongside Park Place — still not an SWL model, and even there the Jobcentre failed the booking.

33. Complaints and escalation when an interpreter fails

Correct DWP / Jobcentre route when an interpreter fails to attend or a reasonable adjustment is refused at appointment level. Whether it differs from the general complaints process. Published volumes.

Label	Finding	Source / date	Confidence
Special interpreter-failure form?	No. Accessibility page: if a service is not accessible, “you can make a complaint” — the standard DWP procedure.	GOV.UK accessibility needs; complain-jobcentre-plus	Verified
Step 1 — the office	Raise it at the Jobcentre that ran the appointment: in person, post, UC journal, JSA/UC online form, or phone. Ask a manager. Mencap: put a refused adjustment in writing, ask for a reply in 7 days.	Complaints procedure; Mencap	Verified
Step 2 — DWP complaints team	If the local reply does not resolve it, ask for review by the DWP complaints team.	GOV.UK complaints procedure	Verified
Step 3 — Independent Case Examiner	After a final response letter that says you may go to ICE. Deadline 6 months. ICE covers Jobcentre service , not the amount of benefit. ICE offers Relay UK and BSL VRS.	gov.uk/complain-independent-case-examiner	Verified
Step 4 — PHSO	Via an MP, within 12 months of the ICE final letter.	Same procedure	Verified
If a sanction / FTA followed	That is a benefit decision: mandatory reconsideration, then First-tier Tribunal. Do not wait for ICE if money has been stopped.	gov.uk/appeal-benefit-decision	Verified
Equality Act track	Refusal of a reasonable adjustment is also s.20/21. Can sit in the complaint file and an Employment Tribunal claim against SSWP as service provider. Rimmer used ET, not ICE.	Rimmer; Legal Action Group	Verified
Supplier complaint	Staff-side. Rimmer: claimant and Park Place staff emailed thebigword after three no-shows. Tribunal: on first quality/no-show, DWP complaining to the supplier is a reasonable step. No public “complain to Dals about my JCP booking” page for claimants.	Rimmer ET	Verified
What happened when complaints were used	Rimmer: series of complaints, no documented response → extra £5,000. DEA treated “history of complaints” as a reason to block / sanction. Judge: deterred legitimate complaint from a vulnerable person.	Rimmer; Disability Rights UK 28 May 2024	Verified
Published volume coded BSL / interpreter / DeafBlind JCP	DWP complaint stats exist by business area and reason to Dec 2025. No published line for interpreter no-show. ICE 2024–25 has no BSL breakdown.	DWP Complaints Statistics 31 Mar 2026; ICE annual report 2024–25	Series verified. This subcategory: no reliable figure found
PHSO reasonable-adjustment totals	Since Apr 2020: 623 investigations on reasonable adjustments across public services; 496 upheld or part-upheld. One published BSL case is NHS (wrong vaccine), not Jobcentre.	BBC / PHSO 19 Aug 2026	PHSO totals verified. DWP-JCP subset: no reliable figure found

Ladder after a failed appointment

1. Same day: journal or written note — date, “interpreter not present / Level 3 colleague used / adjustment refused.” Do not sign a CC you did not understand.
2. Local manager / formal DWP complaint (same process as any other JCP service failure).
3. If benefit was cut: MR + tribunal in parallel.
4. After DWP’s final letter: ICE (VRS available), then MP → PHSO.
5. Persistent refusal of a registered interpreter is also an Equality Act claim. Rimmer is the published proof that this route can succeed — and that complaining inside the Jobcentre can itself be punished.

A. Cross-walk: national policy vs the desk

National document	What it actually proves for a SWL desk
PQ “VRS in all Jobcentres” (Apr 2026)	Inbound calling capability claimed. Not an audit that Croydon has a working VRI tablet.
BSL 5-year plan (Jul 2025)	Meeting-level video is a two-year build. Deaf awareness for all staff is year 5.

National document	What it actually proves for a SWL desk
Dals £13.1m language contract	Staff can book F2F BSL. Not proof the booking is made or fulfilled.
PSED + “deaf or hearing loss” induction module	A scenario and a slide on when to book. Not Deaf awareness. Not DeafBlind methods.
635 Jobcentres with screen readers	Sight-loss-lite on public PCs. Not dual-sensory kit.
RNID hearing-access audit of four sites	Acoustics and loops. Not tactile space.
SWL GP DAL contract (Oct 2024)	NHS primary care. Wrong system.
Council SignLive (Croydon, Wandsworth, Richmond)	Council switchboard. Wrong building.
RAD at Bernard Weatherill House	Council Access Croydon. Wrong building.
Harding House / Oak Lodge	Explains local Deaf density. They are not the Jobcentre.

B. Gap log and FOI-ready asks

Prompts 28, 31 and 32 were expected to return “no reliable figure found” at office level. That is a usable gap, not a failed search.

Ask	Who	Why it matters
Named F2F BSL contractor and contract end-date serving SWL Jobcentres after May 2025	DWP commercial / district	Dals award may have ended; successor unpublished.
Notice period and fulfilment rate for JCP BSL bookings, last 12 months, SWL district or six named offices	DWP language services	No SLA is published.
Which of the six SWL offices have working on-site VRI (device, platform, hours)	DWP estates / operations	“All Jobcentres” is ministerial, not an inventory.
Number of work coaches / DEAs in SWL who have completed a named Deaf-awareness module since Jul 2025	DWP learning	BSL plan starts with DEAs; Rimmer found none.
FTA or sanction decisions in SWL where the claimant had a recorded BSL / DeafBlind need	DWP DMA	Good reason guidance does not list interpreter no-show.
DeafBlind premises checklist or audit for any SWL Jobcentre (tactile space, meet-on-arrival, lighting)	DWP estates	Only a four-site RNID hearing audit exists nationally.
Written partnership, SLA or co-location between any SWL Jobcentre and RAD, deafPLUS/Action Deafness, Oak Lodge, Harding House, Richmond AID or council sensory teams	District partnership team	Services exist next door; none is documented as JCP provision.
Complaints received / upheld coded interpreter, BSL, or reasonable-adjustment communication, Jobcentre Plus, last three years	DWP complaints stats team	Quarterly stats have no such line.
